

GIVE BACK

Service is all about giving back to your community, or giving to others and their communities.

Service offers you the opportunity to engage with society and gain an understanding of the importance of your role within your immediate and global community. It gives you the chance to connect with individuals and groups you may have previously overlooked or not been aware of, and to make a real difference in your community.

EVERY SECTION NEEDS A DIFFERENT ASSESSOR...

You'll need to identify someone as your assessor for each section. For Service, it may be the volunteer coordinator at the organization you're volunteering at, or a teacher who's supervising your school committee. Make sure to ask them to be your assessor when you start!
