

Duke of Edinburgh | Women in Red Seal Skilled Trades

Community Service	Skills	Physical Recreation	Adventurous Journey	Gold Project
Women in Skilled Trades Club Meetings: College has a women in skilled trades club. They meet monthly to network, volunteer in the community, socialize. The goal is to build a community of women within the trades programs.	In-Class Development: Students are in post-secondary programs where they attend classes and labs to develop their skills. (5-7 classes/semester)	Women in Trades Fitness Classes, held once a week: - Strength training - Yoga - Zumba	Camp Ak-O-Mak: 4 days + 3 nights in Northern Ontario. Its purpose is to create networking and mentorship opportunities for women in trades as they work together to get the camp ready for summer opening.	Build a Dream Conference: 3 days + 2 night opportunity for women in STEAM and Trades to connect over speakers and interactive sessions.
Fabrication Lab Activities Volunteers support educational programming in fabrication lab	Extracurricular Development: Students can bring forth innovative projects that can be sponsored by an employer or faculty member.	Extracurricular: Students can note recreational activities they are already engaging in.	Camp WOS: 3 days + 2 nights Women on Site is a partnered organization. As part of the membership we send 5-10 students to their tri-annual events including Camp WOS	Skills Ontario Competition: 1-3 days depending on competition level. Multiple levels from local competition at the college, to national and international stages.
Various Events: Students act as Ambassadors to the Don Crich Skilled Trades Accelerator at events. (Ex. Jill of All Trades, Exploring Trades Day, Building Our Futures, etc.)	Capstone Projects: Students are able to complete a large culminating activity	Gym Usage on Campus: Students can join fitness classes in gym as a means for engaging with the community and supporting a healthy lifestyle.	Experiential Learning Trips: 3 days + 2 nights, to 2 weeks Students have the opportunity to extend their learning on trips in the field.	Level-Up: 2 days + 1 night recruitment and networking opportunity for students to promote skilled trades.
